NEW PUBLICATIONS.

MRS. SWISSHELM'S REMINISCENCES.

BALF A CENTURY. By Jane Greet swisshelm.

Mrs. Swisshelm has lost none of that reartial temper, independence of thought, and force of speech which made her for so many years a national celebrity. As she records her memories of stirring conflicts the old fires blaze brightly; secorn and hatred flame in the vigorous sentences; even the ancient prejudices flourish in unimpaired vitality. Rarely is a volume of reminiscences composed with so much intensity of feeling as this earnest lady brings to her meditarily. The abolitionists of twenty-five and thirty years ago can never forget the horrible wrongs against which they banded themselves together, or the brutal outrages of which they were made the victims. Good forbid that they should be able to write of such things without getting angry. When Mrs. Swisshelm started The Pittsburg Saturday Fisiter as an anti-stavery paper, she not only braved a public opinion which held it hardly decent for a woman to conduct a political journal, but she exposed herself to great personal danger. One of her first exploits was a fierce attack upon Judge Grier, under whose ruling in the United States Coart Dr. Robert Mitchell, of Indiana, Pennsyl yania, was convicted of the crime or giving food and shelter to a runaway slave, and seed a specific or a word scool, besides the costs, which in the standard was convicted of the crime or giving food and shelter to a runaway slave, and seed a specific or a service of the corn of the content of the crime of giving food and shelter to a runaway slave, and seed and seed the costs, which And the second property of the control of the contr

# LITERARY NOTES.

Mr. G. P. Lathrop's idea of Summer recreation is the writing of two novels. One of them is designed for The Atlantic.

Dr. Carter's little work on "Eyesight," will

soon appear in revised and enlarged form. The ready sale of the first edition proves that it has a useful and timely mission. The retail book trade is dull but there is an

unusual demand, even for the travelling season, for the better class of guide-books. Tourists seem to discriminate more carefully between the advantages of different journeys and pleasure resorts. The French Republic is as earnest in its patronage of arts and literature as royalty ever was.

A commission has been appointed for the improvement

of "popular" publications, and M. Ferry, the Minister of Public Instruction, presided at the first meeting. A sub-commission will suggest subjects for literary com-petition and afterward winnow the tares from the wheat. It is easier to write a book than to maintain

the secret of anonymous authorship. Mrs. Charles P. Curtis, a cousin of Professor Agassiz, the younger, is the novel recently published by Lee & Shephard. It describes how the selfish, simpering "Madge" of Saratoga and Newport, forsakes the frivolities of fashion and rises in the admiration of her husband until he is moved to express his reverence in the more dignited name of "Margaret."

"Iues Parker" is the name of a new Frerch novel, by Mario Uchard. "The author," says an English journal, " has with his usual humor and spirit transferred American customs and manners into Partsian society." Other foreign numbers have exhibited "humor and spirit" in the same field. Usually only "knowledge and trutatuiness" are wanting to make such worse standard on this side of the Atlantic.

Dealers in foreign books speak of an increasing demand for light French literature. It esti-mated that the New-York retail trade in French novels has increased 50 per cent in the last five years. The same may be said of the demand for French books at the Mercantile Library, whose collection of foreign novels in the original, now very large, is increased from month to month. At the Mercantile the English trans-lation of Zora's "Nana" has been suppressed, but the French edution is still considered parmicss.

An interesting literary souvenir of Abraham Lincoln is owned by Mr. George R. Weber, of Hinois. As a mark of friendship, in July, 1860, the " Rail-splitter candidate presented Mr. Weber with a copy of the " Political debates between the Hon. Abraham Lincoln and the Hon. Stephen A. Douglas in the celebrated campage of 1858." This copy accompanied Mr. Lincoln on his specch-making tour up to the time of his nomina-tion, and contains many marginal notes in his nand-writing, as well as a note of presentation on the fly-leaf

# SPIELHAGEN ON AUERBACH'S NEW BOOK

From a Letter to The Athenaum.

Brigitta" first made its appearance last Antumn in the feuilleton of the National Zeitung, but it was not successful; indeed, without exaggeration, one might say it was a decided failure. It was considered to show little invention; the descriptions were pronounced mannered, and the reader's attention was not roused. The novelist's friends and admirers did not venture to say a word in his defence, and his enemies—every man of note has his enemies—were openly exultant or rubbed their hands in silent delight. The great mass of the people looked on with its usual indif-

### MINES AND MINING.

MONDAY, July 19-P. M. The Leadville properties are still drugs upon the mining share market. When it is not Little Pittsburg it is some other of the stocks representing property in that district that develops an unexpected weakness and that exerts an unfavorable influence upon the entire list of mining shares. Today it was Chrysolite's turn, and with transactions amounting to 12,700 shares its price fell from 914 to 734@778. Yet there has never been published a correction of that estimate which calculated that there was "\$7,000,000 bullion in sight" in the there was "\$7,000,000 bullion in sight" in the mine. Little Chief fell from 734 to 7 and closed without recovery. Climax rose 10 cents to 2 45, but later lost the gain and closed at 2.35. South Hite was 5 cents higher at 1.50, but Amie, after rising 2 cents to 88 finally closed at 85. Consolidated Virginia was firm with sales at 3, against 2.95 Saturday. Green Mountain sold at 3 30 ex dividend. Among the fancies there was a large business done in Lacrosse at 30 231. Calaveras and Buckeye were steady at unchanged figures. Gold Placer improved 1 cent to 65, but Great Eastern was 2 cents lower at 62 and Durango 1 cent lower at 44. Goodshaw rose 10 cents to 1.10. Hukill was barely steady at 1.25 regular, with a sale of 1,000 shares at 1.15, seller 10 days. The market closed unsettled.

A special dispatch states that the Valley Forge

Mining Company has struck a two-foot eight inch pay streak on the 80 level of Saratoga mine, Big Bug District, Arizona.

Forty-seven bars of bullion, valued at \$47,582 06, were received in this city from the mines yester-

day.

The shipments from the Little Chief, on Friday and Saturday last, were 204 tons.

The Amie shipments were thirty tons, first and second class ore; value, \$4,630.

Barbee & Walker received one bar of bullion—value \$1,335—yesterday.

A telegram from the superintendent of the Silver Nugget states that the ore in the north dritt of the new shaft is extra good. The mill is running well, four bars of bullion were shipped on the 13th.

The Mack Morris is turning out about \$1,000 per The Mack Morris is turning out about \$1,000 per

day. An expert well acquainted with this mine and the Silver Era and Golden Eaglemines, in Globe District, Arizona, says they are in no way inferior to "Barbee" and that they are constantly improving as depth is attained.
The shaft on the Crowell is down 82 feet, with in

dications of striking the 16-foot suiphuret vein for which it was sunk. The machinery is working sat-isfactorily, and the mill will be in operation in

Isfactorily, and the mill will be in operation in August.
Vice-President Phillips, of the Colonial Gold Mining Company of Canada, has returned to this city, bringing with him several pounds of coarse gold found in prospecting. One of the nuggets weighs a little more than ten ounces and is worth about \$200. The new dam on this property near the confluence of the Chaudiere and Du Loup Rivers is completed and sluicing will begin next week.

Developments on the Bonanza Chief show an enormous ore body. Three men mine ore enough to run a 20-stamp mill. When the lode is fully crossent, it is expected to show ore sufficient to run a 40-stamp mill. At present mining, hauling and milling cost less than \$4 per ton, and the ore assays \$19.

They are still drifting westward on the 100 level

They are still drifting westward on the 100 level of the Herschell lode of the Decatur. There is a quantity of ore on the dump, which will shortly be

quantity of ore on the damp, which will shortly be sent to the mill.

The bottom gravel on the Trinity Hydraulic, which has shown prospects of \$7 per cubic yard, has increased from eight to twelve feet in depth.

The Robertson Electric Ore Reduction Company worked samples of sulphuret ores yesterday, giving results as follows: From North Carolina, \$80 gold; New-Hampshire, \$94 gold; Ulster County, New-York, \$80 gold; Pennsylvania, \$54 gold; Arizona, \$75 to \$100, silver and gold, per ton. Mr. Vernon Seaman has been elected president of this company.

At a depth of 55 feet the Union Consolidated, of Bodie, has struck an ore streak yielding \$20 gold and \$78 silver per ton. The ledge is coming in as the shaft goes down.

The north drift on the 550-foot level of the South Bulwer is in 71 feet, disclosing a well-defined vein of five feet the entire length. The south drift on this level is looking well with four feet of good ore in the face. In the winze from this level, which is now down 33 feet, the ledge is five feet wide.

The north drift on the 250-foot level of the South Noonday is in 53 feet, the ledge continuing good, with 5 teet of fine paying ore on the foot wall. Four tons of ore are hoisted and placed on the dump daily, ready for the mill.

CLOSING PRICES OF PHILADELPHIA STOCKS, 

CLOSING PRICES OF BOSTON STOCKS.

MONDAY, July 19-P. M.

The stock speculation to-day was very much mixed. The opening was strong enough to satisfy the most sanguine of "bulls," and the business of the early hours developed nothing that could detract from that satisfaction. But later there was a reaction that was more marked in its character than noticeable, because of the extent of the decline. There undoubtedly was some outside buying of speculative stocks. The talk of immense earnings, the particularly rose-colored reports about the crops and of a prospective market for them, and the agitation of a probable or possible importation of specie, evidently begin to work upon that class of persons who "never speculate," but occasionally make an "investment" in non-dividend-paying securities. The particularly active stocks were : Erie, which rose to 4314, but closes at 4318, a decline of 18 from Saturday; St. Paul, which rose to 81, but closes at 801s, a decline of 12; Missouri, Kansas and Texas. which rose to 3834 but closes at 3738, a decline of 1s, and Northwest, which rose to 931s but closes at 923s, a decline of 1s per cent. Lake Shore with only a moderate amount of business sold as high as 1073s and closed unchanged at 1063, and Michigan Central after selling up to 923s closed at 913, an advance of & per cent. Central and Hudson sold at 13212, but later there were sellers of the stock at 1313. St. Louis and Iron Mountain was exceptionally strong, opening up 118 per cent at 4878 and rising 4912, with final sales at 4834, and the Wabashes were comparatively firm, retaining 18@19 of their to regular room operators, which advanced New-Jersey Central 21s per cent to 72s, Delaware, Lack
Jersey Central 21s per cent to 72s, Delaware, Lack
Jersey Central 21s per cent to 72s, Delaware, Lack
Jersey Central 21s per cent to 72s, Delaware, Lack
Jersey Central 21s per cent to 72s, Delaware, Lack
Jersey Central 21s per cent to 72s, Delaware, Lack
Jersey Central 21s per cent to 72s, Delaware, Lack
Jersey Central 21s per cent to 72s, Delaware, Lack
Jersey Central 21s per cent to 72s, Delaware, Lack-

awanna and Western 178 to 8212, and Delaware and Hudson 234 to 8058. From the extreme prices there was a decline of 14 for New Jersey Central, 34 for Delaware, Lackawanna and Western, and 11s for Delaware and Hudson. The fact that such movementa are made in the face of the critical conditions of the coal trade might be urged as an example of the character of the whole stock speculation. The Philadelphia Ledger is authority for the statement that the Reading Company is dissatisfied with the unequal results in the output of the different companies of the system of working three days a week, and complains that while the Reading's output is reduced nearly 750,000 tons from last year, the loss by the other large companies in their output has not been 100,000 tons each. This explains why the Central of New-Jersey Railroad is lined with loaded coal cars, and why the Delaware and Hudson Company has been compelled to rent additional land at Rondout to store its coal on. Western Union was dull at 10634@10614. Pacific Mail opened up 34 per cent at 42, and immediately the street was flooded with rumors of an impending rapid advance for the stock. But its price declined to 4112. The

parket closed dull, but feverish. Government bonds were dull, the total transactions at the boards amounting only to \$28,000. But prices were firm with an advance in the biddings of 18 for the 6s and 5s 1881, 3s for the 4128 and 4 per cent for the 4s. Annexed are the closing

lina 6s. old, January and July, at 2834. Alabamas, Class A, at 59, and Georgia 7s new at 1991, Louisiana consols are quoted 46@464.

The sales of city bank stocks were : Fourth Naional (50) at 115, and Manhattan (50) at 141. A well-distributed business was done in railroad bonds at full figures with some concessions in the final dealings. Erie second consols sold at 90% 9014 against 90% Saturday, and the funded 5s at 8534@8519. Missouri, Kansas and Texas firsts were tirm at 10519, the seconds selling at 6614 266. Boston, Hartford and Eric firsts rose from 43% to 44 % 244. C., C. and I. C. first assented sold at 8812@8858, the incomes rising from 3978 to 4012. Chesapeake and Ohio firsts. series B, at 6712, were 212 per cent higher than the last previous sale, and St. Louis and Iron Mountain second incomes advanced 112 to 77. Oregon Railroad and Navigation firsts were 4 easier at 96%. Chicago, St. Paul and Minneapolis income land grants were in demand at 105@1054. Denver and Rio Grande firsts were 4 higher at 10414, and the consols 1 per cent higher at 9314. The other changes were unimportant, first-class investments being held

at full figures. The Sub-Treasury to-day gained \$627,879 on balance, made up by a coin gain of \$880,446, .. 1082 less a currency loss of \$252,567. This makes the total gain since Friday \$481 027. Money to-day was just a shade less easy, the rate for call loans being 212 to 3 per cent, with a pespectable portion of the new business done at the higher rate. The domestic exchanges on New-York, at the places named, are quoted as follows: Savannan, ½ % ¼ premium; Charleston, ¼ discount to ¼ premium; New-Orleans Commercial, 125 % 156; bank, 250 premium; St. Lonis, 25. cents premium; Chicago, 25 cents discount to par; Boston, par to 25 cents premium. The United States Treasurer at Washington to day received \$120,000 in National bank notes for redemption. The customs receipts were \$500,000, and the internal revenue receipts 2850,000. The following is the Clearing House statement to-day; Exchanges, \$123,125,610; balances, \$3,644,681, The transactions at the Sub-Treasury covered; Receipts, \$1,994,507; payments, \$1,366,638; currency balance, \$7,340,357; coin balance, \$85,887,985.

Foreign exchange continues weak and to-day the rates for sight sterling were reduced ½ cent to the £. Annexed are the revised quotations: at the places named, are quoted as follows: Sa-

\$60,645 Inc. \$9,295 January 1 to July 14... 1,352,961 2,114,978 Inc. 762,017 MINNEAPOLIS AND ST. LOUIS.
